**Adhesive**

BioTAK® S100 is a permanent compostable acrylic adhesive. It is carefully formulated to include a high content of renewable materials.

The adhesive is certified to EN13432 and complies EC1935/2004 & FDA (175.105) for direct food applications.

The adhesive is permanently tacky, having a good initial tack and adheres on a wide variety of substrates.

**Applications**

The product is specifically suited for applications where the complete packaging should be compostable.

The self-adhesive label complies EN13432 and EU food regulation for direct food contact.

For all applications we recommend to test the performance of the labels.

**Reel specifications**
